Northern  
Anne Arundel  
County  
Chamber  
of Commerce

This seminar is designed to benefit small & medium size business owners and managers which have not yet or not fully embraced and benefit from their online presence | Speakers are seasoned professionals with decades of business consulting experience and will not use 'geek language', so attendees with limited technical backgrounds are most welcome | Objective of the meeting is to change the online absence or under-representation of Maryland small and retail businesses; small businesses, traditional businesses; minority owned and run businesses and non-profit organizations.

**DELIVERABLES:** you will understand better the world of online business & social media—why they are so important today and how they are vitally connected to traditional way of doing business & social networking | you will be equipped with executive information to make proper decisions on how to establish your business' online presence, how much time and money it will cost, what are the options, what is necessary and what is not | you will be aware of necessary precautions to take while taking your business online | you will be prepared and comfortable in taking advantage of modern solutions without losing the human touch | other benefits: all participants receive free 30 min. phone consultation with Dan Therrell, free promo video for Greater Annapolis-based businesses, 25% discounts on printing and big chance to win many valuable raffle prizes (including free infomercials, advertising, IT services, 1-year subscription for WordPress online training, Online Sellers Assoc. memberships) and more...
